Assunto: Mizzou For You in 2020!

Dear School Administrators, Directors, and Coordinators,

The 2019 school year has begun! We know you are busy with the new and returning students, their parents, and getting classrooms started just right. As we have been for the past three years, Mizzou K-12 is right there with you in partnership for all that this year will bring.

While still a year away, Mizzou K-12 is excited to announce a change for the NEXT school year. **Starting in February 2020, we will no longer be affiliated with HSE**, and will provide our accredited curriculum directly to partner schools across Brazil. In-country logistics and technical assistance will be taken care of as Mizzou is establishing an operational support team in Brazil. As we move forward in 2020, Mizzou K-12 will have the necessary infrastructure in place for the continued success of the program.

During this transition year of 2019, **Mizzou K-12 will continue to operate as your committed partner in education** by providing the high quality MSGS and High School programs. As a valued educational partner, we will keep you informed of events and changes that may occur throughout the year. We will be scheduling opportunities in the near future to meet face-to-face and discuss your interest in working directly with Mizzou K-12 in 2020 and beyond.

We are confident that this transition will lead to the **strengthening of school-to-school relationships** that have been established over the years with your Coordinator, Classroom Teachers, and especially the students. The continuation of our unique *CoTeach* relationship and *MizzouDirect* pre-admittance to the University of Missouri will enable us as educational institutions to grow and further support student learning.

Working directly with schools in 2020, Mizzou K-12 will offer improved pricing and contract terms, expanded educational program options, and scholarship opportunities for your students. For adult learners, we will leverage the many resources across the University of Missouri with Professional Development for Educators (College of Education), Executive Education (College of Business), and even continuing education for adults in your school and community.

The College of Education and Mizzou K-12 are dedicated to the students in Brazil, and aligned with your school in sharing the University of Missouri's core values of Respect, Responsibility, Discovery, and Excellence. In this 180th year anniversary of the University of Missouri, the 150th year of the College of Education, and the 106th year for Mizzou K-12, all of us look forward to continuing the successful relationships we have established with all of the schools across Brazil.

Exceptional education happens at many levels, and your dedicated teaching staff who interact with the students every day are vital to the program. We encourage you to share this letter with the Classroom Teachers and other support staff associated with Mizzou K-12 when you feel the time is appropriate.

If you have any questions or encounter challenges during the 2019 transition year, we will work with you to solve them and welcome your insights on how to make the program even better. Feel free to contact me at marchz@missouri.edu / +55 1 (573) 864-0224.

Thank you for your continued support as a valued educational partner.

Zachary March
